

BRIGHT IS OUR FUTURE

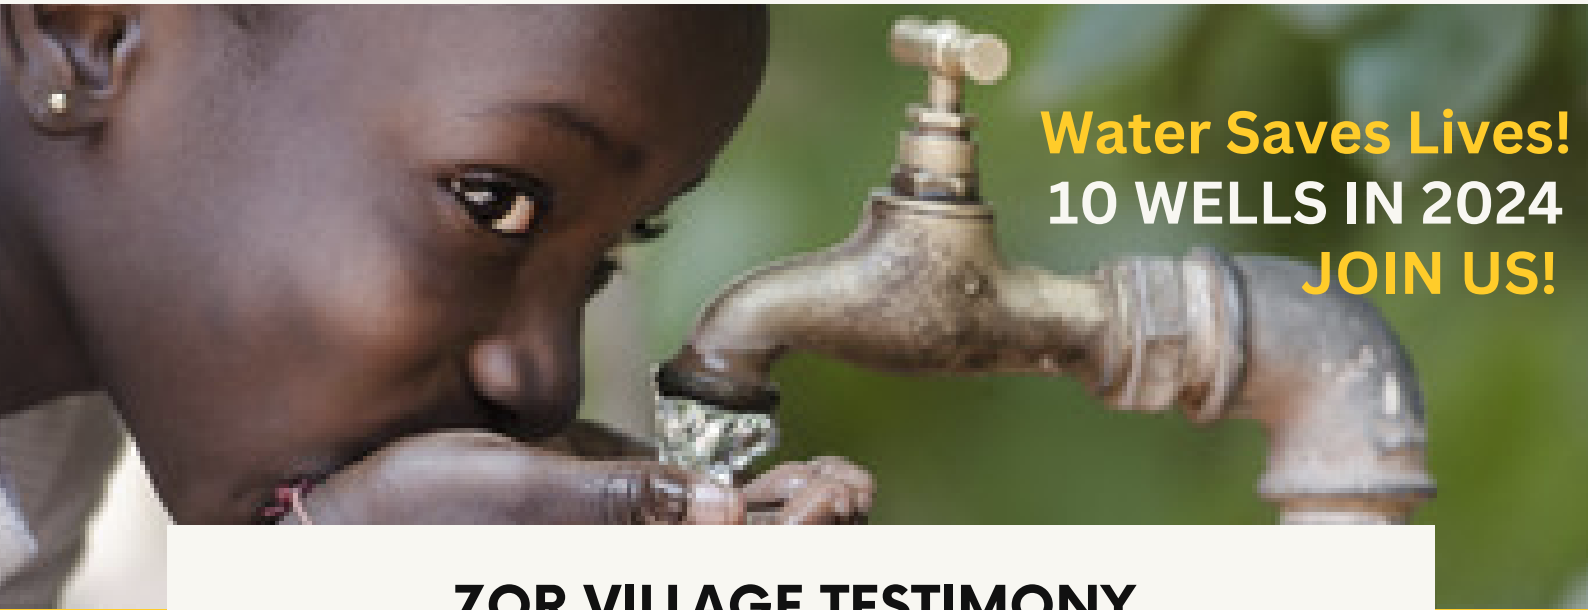

During a visit to Liberia, the team met with students and graduates, leading to the establishment of an ETR College Scholarship Program. The initiative aims to support education as a means of healing and rebuilding, championing those who overcome adversity with resilience. While providing each with an opportunity to enrich their minds with possibilities of growth and empowerment.

EMPOWERING OUR CHILDREN FOR A BETTER TOMORROW

Together, we can create a ripple effect of knowledge, compassion, and progress that transcends borders and empowers individuals to reach their full potential.

ZOR VILLAGE TESTIMONY

Maigibi County, Liberia. West Africa

“Thank you ETR and Lighthouse Christian Church, Merritt Island Florida for our well. YOU SAVED OUR LIVES! We were dying and God sent you to save us with a clean water well. We are now the ETR village. May God bless you!”

J. Roland Zeorgar, Chief

24 Sewing Centers in 2024

Visiting sewing centers in Liberia was fulfilling, witnessing joy and hope among students. Engaging with them and hearing their stories was rewarding. Over 250 students have completed the course and found employment. As Director, I proudly wear products made by the students. Rebecca created the showcased bags. A quilting machine worth \$15,000 has been donated. Thank you to donors and ETR families for their support. Consider sponsoring a center to empower women globally.

Dr. Kym Grant Horsey, Director
